Approval of Minutes

Mangan MOVED to approve the minutes of the May 9, 2018 regular meeting. Johnson SECONDED the motion. The motion PASSED UNANIMOUSLY.

Public Comments

None.

Old Business

Louie Quiring- Ford Road request for Abandonment

Louie Quiring owns property in Ford, ID on Ford Road. Quiring, in cooperation with the Coeur d'Alene Tribe, would like to have a pond put on his property to catch silt run off and improve the fish habitat in Lake Creek. Current documents indicate that there are 2 separate district owned Rights-of-Way in the area of the proposed pond. Quiring is requesting that the Board abandon or vacate a portion of roadway to allow this pond to be placed. Howard illustrated on an aerial photo the location of the proposed pond in respect to 2 public Rights-of-Way. Johnson questioned if abandoning or vacating the unused ROW would in any way impact the public or the flow of traffic. Howard and Quiring both indicated it would not. Angelo Vitale commented that the tribe is helping to accomplish this project as well as some reforestation on Quiring's property in the interest of sediment abatement for the fishery.

The Board indicated that a survey would need to be conducted to confirm that there are 2 rights-of-way present. If the survey confirms the presence of 2 rights-of-way, a public hearing would have to be held to obtain any public opinion on the potential abandonment or vacation. Mangan stated that as long as there doesn't appear to be any logistical issues, or public opposition involved with further developing the remaining right-of-way, the board would not be opposed to the abandonment or vacation. Mangan and Johnson will visit the proposed pond site following today's meeting.

Harmon's Third Addition- Plat for signature

A plat was provided for signature, simply changing the status of one lot from, retained for the sewer board, to buildable.

Mangan MOVED to sign the plat. Johnson SECONDED the motion. The motion PASSED UNANIMOUSLY.

Mangan signed the plat.

Finnebott Bennion & Sun-Up intersections- Status Report

Howard reported that per previous agreement by the board, a contract has been signed with a Right-of-Way acquisition specialist.

Koth/Kioth Road- Status Report

Area residents have indicated to Howard that the surveyors were on site, but final report of completion has not been received by the District. Howard requests that as soon as confirmation is received, the Board schedule a visit to the site to further evaluate before brushing begins.

Ritz Ranch- Status Report

Ritz Ranch is an intended 3 lot subdivision, located near Loff's Bay Road, proposed by Mark Ritzenthaler. No further updates at this time.

Russu Addition- Status Report

Howard reported that he has provided the preliminary dollar amounts to the property owners, that would be owed to the district in the event of abandonment. They have not decided if they wish to move forward in the process as of today's meeting.

NEW BUSINESS

Staff Report *by Supervisor Kevin Howard*
ON THE ROAD

This month the crew continued to add gravel to local roads where needed. Additional grading to blend in the gravel was done in preparation of the continued application of Magnesium-Chloride (mag).

The application of Magnesium-Chloride as a road stabilizer will wrap up next week. Plummer-Gateway Highway District assisted WHD with a water truck and operator while mag was being applied at the south end of the district.

The road shoulder was repaired on Loffs Bay Road where there was a minor slide that occurred a few years ago. The trucking of the material and traffic control was hired out in order that the mag application process not be interrupted or slowed by splitting the crew.

Education: Dustin, Clint, Kurt, Ed, Carol and I attended a PRIMA (Risk Management) class in Moscow. Crewmen attended a Flagging certification class and a few went to a Conflict Resolution class. These classes complete the T2 Road Masters requirements for Dwight (Spark) Avery, Kelly Bailey and Rick Gilbert.

Vehicle and Equipment Repair

Unless otherwise noted; repairs and services were accomplished at the Mica Shop. (ST) Shop truck, (DS) Dealer Service, (W) Worley Shop, (S) Sun Up

Pickups

#85 – Serviced replaced the rear brake pads and rotated the tires.

Trucks
