A message from our District Supervisor:

In an effort to help continue our District's responsibilities and day to day operations we are limiting public contact. Our office will remain open; however, we ask the public to conduct as much business as possible by phone or email. These measures are being taken out of an abundance of caution, hoping to help slow the transmission of COVID-19, keeping our community safe and healthy. As we face these very complex and difficult tasks, we ask for your willingness to help identify and resolve issues, and we ask for your partnership and your empathy as we work to serve our community in this time of need.

This situation continues to change daily, and we will continue to monitor all the latest updates and consult with public health authorities. We do not take the decision to limit the public lightly. The outbreak remains a rapidly changing situation, and our approach could change at a moment's notice. Our staff is available by phone at 208-664-0483 and by email at worleyhwy@worleyhwy.com.

Please remember to follow the advice of health professionals: Stay home if you feel sick and call your healthcare provider if you have symptoms consistent with COVID-19.

Thank you,

Kevin Howard
District Supervisor
