

Historic Load Limits Dates

Posting and lifting load limits depends entirely on the weather and its effect on roadbed stability, so it is difficult to predict when WHD will post or lift load limits. Historically, we post load limits in January and lift load limits in April, with varying degrees of flexibility with frost permitting throughout the season.

2024 posted load limits on Jan. 29.

2023 posted load limits on Jan. 9 and lifted S. of Rockford Bay on April 12 and N. of Rockford Bay on April 24.

2022 posted load limits on Feb 4 and lifted on April 13.

2021 posted load limits on Jan. 6 and lifted on April 20.

2020 posted load limits on Jan. 24 and lifted S. of Rockford Bay on March 24 and N. of Rockford Bay on April 6.

2019 posted load limits on Jan. 14 and lifted S. of Rockford Bay on April 18 and N. of Rockford Bay on April 23.
