

## Historic Load Limits Dates

Posting and lifting load limits depends entirely on the weather and its effect on roadbed stability, so it is difficult to predict when WHD will post or lift load limits. Historically, we post load limits in January and lift load limits in April, with varying degrees of flexibility with frost permitting throughout the season.

**2026** no load limits posted for this season

**2025** posted load limits on February 24. Lifted South of Rockford Bay Road April 1, except roads connecting to Chatcolet. Lifted all roads except roads West of Greensferry on Cougar Gulch April 3. April 15, All roads within the district are lifted.

**2024** posted load limits on Jan. 29. Lifted South of Setters on March 20. All other roads lifted April 1.

**2023** posted load limits on Jan. 9 and lifted South of Rockford Bay on April 12 and North of Rockford Bay on April 24.

**2022** posted load limits on Feb 4 and lifted on April 13.

**2021** posted load limits on Jan. 6 and lifted on April 20.

**2020** posted load limits on Jan. 24 and lifted South of Rockford Bay on March 24 and North of Rockford Bay on April 6.

**2019** posted load limits on Jan. 14 and lifted South of Rockford Bay on April 18 and North of Rockford Bay on April 23.
